The Donations Department of The Hart Seed Company was established to distribute quality seed to deserving organizations or individuals for just the cost of shipping & handling. Our main focus is on organizations helping feed underprivileged communities and educating the public on gardening from seed.

**PLEASE PRINT**

Unsold seed packets from the 2015 season are available in sets of 100. Varieties in each set will be based on availability, but each set is sorted in order provide you with a good mixture of seed.

If you are one of the following:

- Missionary interested in taking seed overseas
- Teacher looking for seed for a classroom project or school garden
- Cooperative extension service, community garden, or prison yard wanting to grow produce for low-income areas or food pantries

All we ask of you is to send us a brief letter to describe your project including:

- Who is receiving the seed or produce grown from it
- What you are planning on doing with the seed
- Where you are taking the seed, or where the seed or produce grown from it will be distributed
- Why this is a worthy cause for us to donate seed to
- How the people receiving the seed will benefit, not just from the immediate donation, but how it will help them improve standard of living in the future

We would also appreciate follow-up emails with pictures of the project (before and after) so that we can not only see how the seed is being used, but to also gather beneficial ideas for other organizations similar to yours.

If you have a request for specific variety or varieties, we will do our best to accommodate your request.

There will be an additional \$5.00 per 100 packets for any custom orders (i.e. specific lists).
